To Whom It May Concern:

This is a letter giving my personal recommendation for Carry the Cure. Carry the Cure is a viable entity and one of the major areas of mission ministry emphasis at Wasilla Christian Church. We have supported Carry the Cure for about three years. Bill Pagaran, a member of the Carry the Cure team and our congregation, has been our link. To the best of my understanding, Carry the Cure takes the life-giving message of Jesus Christ to those who do not know it. They have been in community centers, youth camps, and most significant to us, in the remote villages of Alaska. Of late, an exciting development is that they have been given opportunity to speak in the public schools of the Matanuska-Susitna borough with their "Committed to Life" program.

Few times have I ever seen the commitment to a cause as can be seen by Bill Pagaran and Carry the Cure. They are doing some very positive things through the effort of loving people and sharing their life giving message.

If I can be of any further assistance, feel free to call.

Sincerely,

Chris
