Dear Bill:

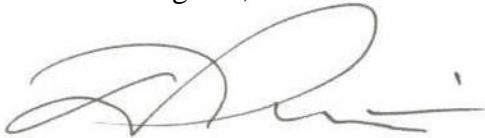

On behalf of the students and staff at Akiak Schools I want to extend our thanks and appreciation for your presentation and concert.

While considering your visit I must admit I had concerns regarding First Amendment issues, in that we are a public school; however, your presentation was organized exquisitely to impart to our students the essence of your message without infringing on 'separation' protections.

Our kids were delighted by your visit. They listened and they heard. They looked and they noticed. They were as attentive as I have seen them in the year and a half I have been in Akiak.

All in all I would say that your presentation was a great success. Perhaps it will have saved a life. Keep up the good work.

Best Regards,
